FOR IMMEDIATE RELEASE

**vRad Named to 2016 *Minnesota Business* Magazine’s “Top 100” List
of Best Companies to Work For**

*Recognized as a company that excels in employee well-being, happiness
and work environment*

MINNEAPOLIS, MN — (March 28, 2016) vRad (Virtual Radiologic), an affiliate of MEDNAX, Inc. (NYSE: MD) and the leading national teleradiology services and telemedicine company, today announced it was chosen as one of *Minnesota Business* magazine’s “100 Best Companies to Work For” in 2016. The “Top 100,” now in its fifth year, assesses hundreds of businesses through an independent research process—including an anonymous employee satisfaction survey—to determine which Minnesota companies excel in work environment, employee benefits and overall employee happiness.

“We are proud and honored to be recognized by our own employees and *Minnesota Business* magazine,” said Jim Burke, President and Chief Executive Officer of vRad. “This recognition demonstrates our commitment and success in providing an innovative and collaborative workplace that allows vRad to deliver high-quality services to our 2,100+ client facilities and their patients every day. Thank you to our employees and radiologists who enable vRad to innovate and positively impact the practice of radiology.”

On June 2nd, *Minnesota Business* magazine will honor the 100 Best Companies to Work For with a celebration at the Depot Renaissance Minneapolis Hotel. Each company will also be listed in the June issue of *Minnesota Business* magazine.

About The 100 Best Companies to Work For Awards

Minnesota is known for being a great place to live and work, with top-notch companies in many industries headquartered here. Each year, these companies submit nominations for the 100 Best Companies to Work For Awards by *Minnesota Business* magazine. This award recognizes Minnesota's top companies and, time after time, helps the winners attract key employees who make all the difference. The “100 Best” were determined by the resulting scores of an anonymous online questionnaire filled out by the employees of each participating company—to determine which companies in Minnesota excel in the areas of work environment, employee benefits, and overall employee happiness, making them the 100 Best Companies to Work For.

About vRad

vRad (Virtual Radiologic) is the leading national teleradiology services and telemedicine company with over 350 U.S. board-certified and eligible physicians, 75% of whom are subspecialty trained. Its clinical expertise and evidence-based insight help clients make better decisions about the health of their patients and their imaging services. vRad is an affiliate of MEDNAX, Inc., a national medical group specializing in neonatal, anesthesia, maternal-fetal, pediatric cardiology and other pediatric physicians services.

vRad interprets and processes patient imaging studies on the world's largest and most advanced teleradiology PACS for 2,100+ client hospital, health system and radiology group facilities in all 50 states. The practice has 15 issued patents for innovation in telemedicine workflow, and is a recognized leader in imaging analytics and deep learning-assisted diagnostics. It is also a past winner of Frost & Sullivan's Visionary Innovation Award for Medical Imaging Analytics (North America). For more information, please visit www.vrad.com.
