

VIRTUAL RADIOLOGIC™

Virtual Radiologic Marks Milestone with 100th Practicing Radiologist

MINNEAPOLIS, Minn., August 18, 2007 -- Virtual Radiologic Corp., a leading national provider of teleradiology services, today marked a milestone in its history of exceptional growth, with Dr. Peter Zelinka becoming the company's 100th practicing radiologist. This landmark comes only five months after the company deployed its 75th practicing radiologist.

Dr. Zelinka earned his medical degree from the University of Connecticut School of Medicine in Farmington, Connecticut, where he served as chief resident during his radiology training. He also holds both B.A. and M.A. degrees in Molecular Biology and Biochemistry from Wesleyan University. As with all of Virtual Radiologic's physicians, Dr. Zelinka certified by the American Board of Radiology.

In addition to expanding its physician ranks, Virtual Radiologic has also greatly increased its client base, which now includes 422 radiology practices supporting 737 medical facilities nationwide.

About Virtual Radiologic

Virtual Radiologic Corp. (www.virtualrad.com) improves patient care by providing innovative teleradiology solutions to radiology practices and medical centers throughout the United States. Utilizing market-leading, proprietary workflow technology, Virtual Radiologic physicians perform preliminary and final read interpretations for emergent and non-emergent needs -- day or night, 365 days a year. Virtual Radiologic's American Board of Radiology-certified radiologists are cumulatively licensed in all 50 states. Virtual Radiologic is Joint Commission-certified and serves hundreds of clients supporting 737 medical facilities.
